"WATER CLAUSES CONSOLIDATION ACT, 1897," PART IV.

(1.) This is to certify that the "Industrial Power Company of British Columbia, Limited," a specially incorporated Company within the meaning of Part IV. of the "Water Clauses Consolidation Act, 1897," incorporated on the 19th day of July, 1899, has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shown by the documents and plans filed, has been approved, and that the same is as follows:—

To erect the necessary works on a piece of land situated at the north-east corner of Salmon Arm, Sechelt District, in the District of New Westminster, for the development of power by the use of 20,000 inches of water from the Clowhom River flowing into Salmon Arm, which has been duly recorded. Also to construct a dam across the said river immediately above the Upper Falls, from whence it is proposed to convey the water to the penstock head by means of a flume constructed of sawn timber 15 feet wide, carrying a depth of 6 feet of water, and of a length approximating 2,100 feet. From the penstock the water will be conveyed to the water-wheels by a pipe line of wrought iron or steel about 280 feet in length, with a vertical fall of 115 feet. For the conveyance of the whole volume of water a pipe of about 7' 6" in diameter will be used. This pipe will deliver the water into a receiver under pressure approximating 47lbs. per square inch, from whence it will be supplied to the various power wheels as required.

The purpose to which the power is proposed to be devoted is the supply of motive power to works which are to be erected on the land which this Company is acquiring for such purpose on Salmon Arm.

The proposed works, which the Power Company will either erect themselves or will introduce capital for the purpose, are for entirely new industries in this Province. Firstly: works for the production of wood pulp. Secondly: for the manufacture of paper from the wood pulp which will be produced by the aforementioned works.

(2.) And this is further to certify that the amount of capital of the Company which shall be actually subscribed for the purpose of the power works within nine months from the date of this Certificate is hereby fixed at the sum of twenty-five thousand dollars (\$25,000.00).

(3.) And this is further to certify that the time within which the said undertaking and works shall be commenced is fixed at twelve months from the date of this Certificate, and the date when the power works shall be completed is fixed at two years from the date hereof.

Dated this 10th day of July, A.D. 1900.

J. D. PRENTICE,

Clerk, Executive Council.

Provisionally adopted on the 13th June, 1900.

WHEREAS under the said "Delta Dyke and Drainage By-law, 1895," certain drainage and dyking works therein mentioned were and are fully made and completed and are now being operated in the said Municipality;

And whereas under and by virtue of section 261 of the "Municipal Act, 1897," it is provided that after such works are fully made and completed as aforesaid, it shall be the duty of the said Municipality making such works to preserve, maintain, and keep in repair, the same, at the expense of the lots, parts of lots, and roads, as the case may be, as agreed upon and shown in the By-law when finally passed;

And whereas under and by virtue of section 263 of the "Municipal Act, 1897," the Council may pass a by-law to borrow upon the debentures of the said Municipality, the funds necessary for the repairs and work required by said section 261, and shall assess and levy upon the property benefited, a special rate sufficient for the payment of the principal and interest of the debentures;

And whereas it is expedient and necessary to preserve, maintain, repair, and keep in repair the said works at the expense of the lots and parts of lots benefited thereby, and the sum of \$5,000.00 is necessary and is required therefor;

Be it therefore enacted by the said Municipal Council of the District Municipality of the Corporation of Delta, pursuant to the provisions of the "Municipal Act, 1897," and amendment Acts, as follows:—

1. That the Reeve of the said District Municipality may borrow on the credit of the Corporation of the said District Municipality the sum of \$5,000.00, being the funds necessary for the said works, and may issue debentures of the said Corporation to that amount in sums of not less than \$100 each, and payable within fifteen years from the date thereof, with interest at the rate of 5 per cent. per annum, that is to say, in fifteen equal annual payments, the first of which shall be due and payable on the 5th of October, 1901, and all such debentures to be payable at the Bank of Montreal, New Westminster, Province of British Columbia, and to have attached to them coupons for the payment of interest.

2. For the purpose of paying the sum of \$5,000.00, being the amount to be charged against the said lands benefited, and which said lands are numbered in Schedule "A" to this By-law, and which are the lands numbered and described in the By-law known and described as "Delta Dyke and Drain By-law, 1895, of the Municipality of Delta"; and to cover interest thereon for fifteen years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied in the same manner and at the same time as taxes are levied upon the undermentioned lots and parts of lots, and which are the lands mentioned and described in the schedule of assessment in the said "Delta Dyke and Drain By-law, 1895, of the Municipality of Delta," and the amount of the said special rates and interest assessed against each lot or part of lot, respectively, shall be divided into fifteen equal parts and one such part shall be assessed and levied as aforesaid in each year for fifteen years after the final passage of this By-law, during which the said debentures have to run.
